Staying Focused on Innovation - “GRIT”

Courage and Resolve, Strength of Character
November, 2017

GRIT

Nexting events give us an opportunity to pause and think about what’s next for us, our students, and the District. They're about creating memories of the future. Click on the picture to watch the short video clip about GRIT from author Sylvia Duckworth. Think about how focusing on your work in your PLC, Design Teams, and Work Groups can enhance our system to with GRIT. How do you provide space for students to show and experience opportunities to demonstrate GRIT? How will your next activity impact student learning using the GRIT mindset? Share your thoughts and follow the conversation using #Westside66Hope on Twitter.

(Our Nexting events were inspired by our good friend from Gallup, Shane Lopez who passed away on 7/23/2016.)

[Click here to watch Shane Lopez’s ‘Hope is a Strategy’ video.](#)

The section of the video beginning at 8:15 and ending at 18:15 highlights the idea of Nexting.
